

## **N.Y. Terminals Hike Rates**

9/5/2008

Journal of Commerce

The New York Terminal Conference, comprising five terminal operators in the Port of New York and New Jersey, has published a revised rate schedule that reflects increases in operating costs during the past 12 months.

The revision was based on data for the previous 12-month period, including the Labor Department's Consumer Price Index published Aug. 14, which showed a 5.6-percent increase in the previous 12 months.

The revised rates will become effective Oct. 1. The revised rates, and current ones, are published on the Conference Web site at <http://www.newytc.com/>.

The terminal conference's members are American Stevedoring, Global Terminal, Port Newark Container Terminal, New York Container Terminal and Universal Marine Service Corp. (APM Terminals).
